### REMARKS

Claims 7-9 are currently pending in this application, as amended. By the present amendment, claims 1, 2 and 4 as well as claims 10-12 have been canceled without prejudice to the filing of a divisional application. Accordingly, only claims 7-9, which were previously indicated as allowable, remain in this application.

In the Action, the Examiner required restriction between three different inventions as follows:

Group I: claims 1, 2 and 4, drawn to a circular saw machine including interchangeable plates;

Group II: claims 7-9, drawn to a circular saw machine including a mounting being fixable at a plurality of predetermined pivot angles; and

Group III: claims 10-12, drawn to a circular saw machine including a mounting that is fixable at a plurality of pivot angles.

In response to the Restriction Requirement, applicants elect Group II with claims 7-9 for this application.

Claims 1, 2, 4 and 10-12, which were drawn to the non-elected inventions have been canceled.

Further to a telephone conversation between the Examiner and the undersigned on April 13, 2006, it is applicants' understanding that claims 7-9 remain allowable. Accordingly, in view of the above amendments to cancel claims directed to the non-elected inventions from this application, this application should now be in condition for allowance with claims 7-9.

If any additional minor formal matters need to be addressed so that a Notice of Allowance can be issued, the Examiner is invited to contact the undersigned by telephone at the Examiner's convenience.

In view of the foregoing Amendments and Remarks, applicants respectfully submit that the present application, including claims 7-9, is in condition for allowance, and a notice to that effect is respectfully solicited.

Respectfully submitted,

Boss et al.
